Simplifying Physician Practice Challenges

Medical Billing Service

Streamline your medical billing process to increase your practice revenues

Needs and Challenges

- ▶ Cash flow needs to be improved
- ▶ Claims need to be created and submitted in a timely fashion
- ▶ Track and manage unpaid claims
- ▶ Federal compliance mandates need to be met
- ▶ Maximize your collections
- ▶ Billing costs need to be managed
- ▶ Systems must be easily auditable

Proposed Solutions

- ▶ Streamlined and optimized billing process
- ▶ Complete visibility to unpaid claims
- ▶ Timely reports
- ▶ 24-hr claim submission
- ▶ Dedicated billing specialist
- ▶ Minimal practice interruption
- ▶ All EOB, EFT, encounter and check documentation available online

What is SBS Medical Billing

- ▶ It is a highly flexible contracted billing service that uses a blended approach. Proven billing processes, technology and personnel are used to maximize revenue. You can contract the whole service or portions of your service to suit your specific needs.

Uniqueness

- ▶ Highly flexible in the scope of contracted services
- ▶ Proprietary system for tracking the entire claim and payment process
- ▶ Low risk approach
- ▶ Access to highly experienced billing professional advisory group
- ▶ Periodic review of coding process to ensure optimal charges

Benefits

- ▶ Highly cost effective
- ▶ Focus on patients - not on billing
- ▶ Dedicated account specialist
- ▶ Grow your practice while minimizing staff overhead
- ▶ Your existing technology can be used or we can provide what is needed
- ▶ Deploy best practices to improve revenue

How to get started

- ▶ Attend one of our convenient webinars
- ▶ Schedule a Practice Analysis with one of our Solutions Specialists
- ▶ Collaborate with our team to determine optimal billing solution for your organization
- ▶ Transfer your current billing data and start streamlining your billing process
